

Important News at MD Laser Skin Clinic

Dear Friends,

After 13 years in the non-surgical cosmetic business, **MD Laser Skin Clinic** is pleased to announce a new partner in our aesthetic laser medspa – **Kalon Wellness Laser & Medspa**. As our loyal clients, we want you to be the first to know of the exciting changes ahead! We have recently renovated our clinic, and we will be offering NEW laser services and technology including Nano-fractional skin resurfacing, RF body contouring, skin tightening as well as new retail products from PCA Skin®. Along with our ever-popular laser hair removal, IPL photofacials, medical peels, microneedling, Botox and Juvederm injections, we believe that you will find the procedure you need to enjoy healthier, more youthful skin!

To that end, we are pleased to welcome our new Laser Aesthetics Director, **Holly Amson (pictured right)**, who, besides having over 15 years of experience in laser rejuvenation, is a clinical skin care therapist, and an International educator for the cosmeceutical company, PCASkin®. Her expertise in many aspects of skin health, nutrition and wellness will be a great asset to the clinic. As well, her husband, **Robert Amson**, will be the new director of marketing and client relations. Rob will help us to communicate efficiently via digital presence and improve client experience. You will be happy to know that **Eva Ho (pictured left)**, our laser medical aesthetician of over 7 years, will continue to provide her skilled services under the new partnership.

Dr. Lily Lo, DDS (pictured centre), will continue to provide cosmetic injections under the delegation of the medical director, **Dr. Kenneth Lam, M.D.** Since 2007, Dr. Lo has offered conservative and effective

solutions for the aging face including Botox, Juvederm Filler, and Invisalign therapy. The clinic is also a participant of the Brilliant Distinctions rewards program sponsored by Allergan, the makers of Botox and Juvederm. Come in for a consultation and find out how you can join the BD program and save!

It's with great sadness that we bring you the news that **Olive Amson**, our longtime laser consultant and friend has succumbed to her battle with cancer on March 16th, 2019. Her energy, passion and knowledge for her work and empathy in her dealings with her clients will be remembered by many. Her legacy in helping people is now carried on by Holly and Rob at the Kalon Wellness Laser & Madispa/MD Laser Skin Clinic. Together, we are planning an **Open House** event on **Saturday, May 25th** to introduce our new services, offer special discounts, and to remember Olive by way of celebrating Spring and life!

Please "Stay Tuned" via our email about this exciting event... We invite you to meet us personally at the Open House and enter the raffles for FREE products and \$100 gift certificates! We will also be offering several exclusive introductory offers on our **NEW** services. Your presence at this event would be greatly appreciated.

Yours in better skin and health,

MD Laser Skin Clinic
